BRING *your* DREAMS to LIFE *in* GERMANY

- ▷ Germany is the most populous member state of the European Union and the second most popular immigration destination in the world.
- ▷ Because of Germany's high quality & affordable education it is ranked among the world's top destinations for international students. There are over 357,000 foreign students studying in German university and this number is steadily increasing.
- ▷ Germany is the 4th largest economy in the world & having record number of jobs.
- ▷ Germany is a world-renowned business and manufacturing location. From the historically-famous automobile industry, through chemicals and engineering, to digital innovations and Industries 4.0, Germany has consistently been at the forefront of industrial leadership.

why PFH?

- ▶ PFH University was established in 1995 and is the oldest private state-recognised university in Lower Saxony.
- ▶ PFH received institutional accreditation from the Central Evaluation and Accreditation Agency (ZEVA).
- ▶ PFH - The University for Entrepreneurs. As a university run on entrepreneurial lines, the training of entrepreneurial new blood is an essential cornerstone of the PFH's orientation.
- ▶ Through its Board of Trustees (13 world-famous global companies) and its more than 500 partner companies, the university has excellent links throughout Germany & Europe.

PFH - STADE (HAMBURG) CAMPUS

GÖTTINGEN

PFH Goettingen Campus is for Management, UX Design and Business Psychology specialized courses. City Goettingen has around 30,000 students in 3 different renowned universities including PFH. This city gave 45 Nobel laureates to the world. With five Max Planck Institutes, the German Primate Center, and the German Aerospace Center, the Göttingen Campus offers a high concentration of top-level education that is unique in Germany.

STADE (HAMBURG)

PFH Stade (Hamburg) campus is famous for its location. The university is surrounded by multiple MNCs and its building is having a common wall with Airbus manufacturing plant. Stade city is a part of Hamburg's growing metropolitan region and it has 1000 years of history. Stade city is known for the technical companies like Airbus, Aerotech, DLR - German Aerospace, E.ON, Olin, DOW, Fraunhofer etc.

- 1000 Euros enrollment & administration fee (one-time)

DURATION OF STUDY

- ▶ 4 semesters

PLACE OF STUDY

- ▶ Stade (Hamburg)

START OF STUDIES

- ▶ April and October every year

Professors and Lecturers

The Professors of the PFH are both subject-matter experts in their respective disciplines and proven practitioners with at least five years' professional experience. They are thus able to impart to you as students both in-depth theoretical knowledge based on state-of-the-art research and its practical application. This enables you as graduates of the PFH to transfer what you have learnt quickly and efficiently to the world of work.

For corporate partners, professors are, in equal measure, contact persons for collaborative projects.

These may be both contract research projects on application-based issues and practical projects, in which students perform scientific analysis of concrete case studies from your company.

The professorial team is complemented by a large number of Lecturers, to whom the PFH awards teaching contracts to give an even broader basis to its transfer of knowledge. What is common to them all is that they have the relevant outstanding expertise and experience to ensure that PFH students are offered the highest quality of content in the study programmes.

OUR EXPERTS

Prof. Dr. Frank Albe
President - Research and Transfer

Markus Steinhoff
CEO PFH Private Hochschule Göttingen

Ms. Peggy Repenning

BOARD OF TRUSTEES

Companies with excellent market positions and a high reputation are represented on the Board of Trustees, from medium-sized companies to global players. This broad lineup with the following DAX companies on the one hand and medium-sized partners from a wide variety of industries on the other hand guarantees innovative impulses to design and expand the course in a practical way.

PFH university Board of Trustees (13 world famous companies) and its more than 500 partner companies, the University has excellent links to business throughout Germany and, particularly in the regions of Göttingen and Stade, is embedded in a largely SME-oriented company environment.

The companies on the Board of Trustees are committed to PFH both ideally and financially by

- ▶ Bear economic responsibility, for example by financing endowed chairs
- ▶ Supporting the university as an advisor in order to align the course content practically and needs-oriented
- ▶ Regularly contribute practical knowledge and experience to the main areas of study, for example in the context of lectures or panel discussions
- ▶ In projects with the students, sharpen their perception of practice-relevant questions and
- ▶ Provide internships for students.

PFH ALUMNI

Till date, more than 5,000 PFH graduates have found their way into the professional world – nationally and internationally. It doesn't matter whether it's campus or part-time distance learning: we want to offer an academic home at our university in our PFH alumni network. Among other things, this awaits you:

- ▶ Invitations to online events, such as practitioner lectures
- ▶ Invitations to regional alumni get-togethers or to the Göttingen Alumni Day
- ▶ Contact to current students: internships, practical projects or topics for Bachelor's and Master's thesis
- ▶ Information on new courses and professors
- ▶ Be part of the PFH family and benefit from interesting news, an individual exchange and personal encounters.

Maria Appel

is Sales Director/Global Market Manager at MHP as a Porsche subsidiary and process supplier, MHP is one of the leading consultancies worldwide in management and IT consulting and as an automotive expert. She completed her Bachelor's and Master's degree in "General Management" at PFH in 2011.

Aron Stürmer

is enthusiastic about complex IT projects, which prompted him to focus on e-business in the Master's General Management while he was still studying at PFH.

Elisa Prieß

After completing her Bachelor's and Master's degree in "General Management" at PFH, which she completed in 2016 with an international double Master's degree (Kedge Bordeaux), she started her career at the Rewe Group in the field of project management / digital strategies.

Yashvir Chawla

Done Management degree from PFH and working as a Product Designer (UI UX) in **Kfzteile 24 GmbH in Berlin.**

Keshav Gulati

Done General Management from PFH University working as Quality Management Consultant at **Alten Germany.**

Manas Abrol

Done Lightweight Engineering and composites from PFH University and working as Aircraft Manager at **AAA Assistance Aeronautique and aerospatiale GmbH.**
